# 10 NYC Rooftops You Need To Hit This Summer

## Refinery Rooftop

**Perfect for:** Shaking off Midtown. Life between 23rd and 59th streets has a way of wearing you out, which is why you need a strong cocktail list like Refinery's to take the pressure off. The decor and vibes are fun yet relaxed, plus, we *have* to put a plug in for the name.

**Soak in views of:** The Empire State Building

**Signature cocktail:** The "Baby Doll" — vodka, fresh watermelon, lemon, and pineapple.
