

THRILLIST

BEVERAGE DIRECTOR: WHERE TO DRINK IN NYC RIGHT NOW

BELLE SHOALS

From the team behind Seamstress, Belle Shoals is a charming Southern-themed bar (complete with a Wurlitzer jukebox) inspired by a fictional town. There's plenty of beer-and-shot combos on the menu, but your best move is to order one of the cocktails, which come from the brilliant mind of Pam Wiznitzer, and add on some biscuits and fried chicken. Be sure to find out what cocktail is currently on draft and what the "daily experiment" is -- and play a song on the jukebox, of course.
