5. **The Refinery Rooftop at the Refinery Hotel** (Garment District)

Get ready to uninstall Tinder and Bumble. This romantic rooftop bar features exposed brick, braided lights, retractable glass roof, and glows of the nearby Empire State Building.

A mix of indoor and outdoor space, The Refinery Rooftop, is known for its strong cocktails served as "caddies", which offer multiple servings in one glass. With the strong drinks and romantic industrial chic decor working in your favor, there's a good chance you might just meet your future boo here.
